R-14 PRESALE OF HOMES - OBSERVATORY HOMES

T-79026
A.00.02.05

Report dated January 24, 1985, from E. M. Halliday, City Manager, recommending that Observatory Homes be permitted to presell homes in proposed plan of subdivision T-79026 (located north of Derry Road West and east of Tenth Line) subject to the following:

- (a) that City policy with respect to the presale of homes be adhered to in all respects as outlined in their letter dated January 10, 1985;
- (b) that all prospective homeowners be advised that construction of their homes will not start until such time as the necessary water supply for fire protection and domestic consumption is in place to the satisfaction of the Commissioner of Public Works, Region of Peel.

Resolution available.

R-15 PRESERVICING - ILOMAR INVESTMENTS LTD.

T-79026

Report dated January 23, 1985, from W. P. Taylor, Commissioner of Engineering & Works, recommending that Ilomar Investments Ltd. be permitted to commence with the construction of the underground services for proposed Residential Plan of Subdivision T-79026, in accordance with the City's preservicing policy (located north of Derry Road West and east of Tenth Line).

Resolution available.

R-16 SERVICING/FINANCIAL AGMTS - SILWELL DEVELOPMENTS

B.06.465.02

Report dated January 22, 1985, from W. P. Taylor, Commissioner of Engineering & Works, recommending that a by-law be passed to authorize execution of revised Servicing and Financial Agreements for the resubdivision of Plan 43M-465, Silwell Developments Limited (located east of Southdown Road and north of Orr Road).

Resolution/By-law available.

R-17 ALL-WAY STOP - MEADOWS/WILCOX

F.06.04.05

Report dated January 23, 1985, from W. P. Taylor, Commissioner of Engineering & Works, recommending that an all-way stop not be placed at the intersection of Meadows Boulevard and Wilcox Road.

Resolution available.

It is expected that a report will be available with respect to the award of the contracts for the Mississauga Civic Centre (reinforcing steel, concrete and conveying system).

14. ADDITIONAL MOTIONS

- (s) To permit Observatory Homes to presell homes in proposed plan of subdivision T-79026 (located north of Derry Road West and east of Tenth Line). (See ADDITIONAL REPORTS FROM MUNICIPAL OFFICERS - R-14.)
- (t) To permit Ilomar Investments Ltd. to commence with the construction of the underground services for proposed Residential Plan of Subdivision T-79026, in accordance with the City's preservicing policy (located north of Derry Road West and east of Tenth Line). JANUARY 28, 1985

PRESENTATION TO CITY COUNCIL
MONDAY, JANUARY 28TH, 1985

1. GOOD EVENING MADAM MAYOR AND MEMBERS OF COUNCIL.
2. WITH YOUR PERMISSION WE'D LIKE TO DEAL EXPLICITLY WITH CERTAIN ASPECTS OF CHAIRMAN BRADLEY'S INTRODUCTORY REMARKS.
 - (I) I'M GOING TO TALK FOR A FEW MINUTES ABOUT ELECTRICAL SYSTEM RELIABILITY AS IT APPLIES THROUGHOUT MISSISSAUGA.
 - (II) JERRY MIRKA WILL REPORT ON A VARIETY OF ISSUES HAVING TO DO WITH POWER INTERRUPTIONS, THEIR CAUSES AND THE PREVENTATIVE MAINTENANCE PROGRAMS UNDER WAY, ESPECIALLY IN THE ERIN MILLS AREA.
3. BEFORE I GET GOING-----INTRODUCE JERRY MIRKA.
4. THE LEVEL OF ELECTRICAL SYSTEM RELIABILITY RELATES TO AND IS A DIRECT FUNCTION OF TWO FACTORS VIZ.
 - DURATION OF POWER INTERRUPTIONS
 - FREQUENCY OF POWER INTERRUPTIONS
5. TO THE BEST OF OUR KNOWLEDGE THERE ARE NO RECOGNIZED STANDARDS OF SYSTEM RELIABILITY TO WHICH WE CAN COMPARE OUR OPERATIONS.

6. FOR YEARS WE'VE BEEN ACTIVE MEMBERS OF THE CANADIAN STANDARDS ASSOCIATION, THE CANADIAN ELECTRICAL ASSOCIATION, AND THE ASSOCIATION OF MUNICIPAL ELECTRICAL UTILITIES AND NONE OF THESE HAS PRODUCED ANY INDUSTRY-WIDE STANDARDS FOR SYSTEM RELIABILITY OR ANY SUGGESTED PROPER LEVELS OF SYSTEM RELIABILITY AGAINST WHICH HYDRO MISSISSAUGA CAN COMPARE ITS PERFORMANCE.
7. THEREFORE, WE'VE HAD TO MAKE JUDGEMENT DECISIONS ON WHAT WE CONSIDER TO BE ACCEPTABLE AND WHAT IS UNACCEPTABLE.
8. FOR EXAMPLE, IN RESPECT OF THE DURATION OF AN INTERRUPTION, OUR TARGET HAS BEEN TO RESTORE POWER WITHIN 90 MINUTES DURING NORMAL WORKING HOURS AND 180 MINUTES IF THE INTERRUPTION OCCURS AFTER NORMAL WORKING HOURS.
9. WITH RESPECT TO "FREQUENCY" OF INTERRUPTIONS, WE'VE MADE A JUDGEMENT DECISION ON WHAT WE BELIEVE TO BE ACCEPTABLE, ALSO, ON WHAT WE CONSIDER TO BE ONLY TOLERABLE: FOR EXAMPLE, WE RECKON THAT UP TO THREE INTERRUPTIONS PER YEAR PER CONSUMER IS ACCEPTABLE AND THAT FIVE OR MORE INTERRUPTIONS PER CONSUMER PER YEAR IS SIMPLY NOT TOLERABLE.
10. WE HAVE ON OUR FILES THE LEVELS OF SYSTEM RELIABILITY GOING BACK 15 YEARS AND MORE.
11. NOW, WE CAN AND DO TRY TO COMPARE OUR LEVEL OF SYSTEM RELIABILITY WITH OTHER UTILITIES ACROSS CANADA.

12. AS A MEMBER OF THE CANADIAN ELECTRICAL ASSOCIATION, WE SUBMIT OUR STATISTICS ON POWER INTERRUPTIONS TO THE ASSOCIATION. IT PUBLISHES AN ANNUAL REPORT ON THE OTHER UTILITIES WHICH (A) ARE MEMBERS IN GOOD STANDING AND (B) KEEP RECORDS OF THEIR INTERRUPTIONS IN A VERY PRECISE MANNER AND ALSO SUBMIT THEIR STATISTICS TO THE ASSOCIATION.
13. I MUST STATE HOWEVER THAT THESE DATA WE RECEIVE HAVE ONLY LIMITED VALUE. THERE ARE JUST A COUPLE DOZEN UTILITIES WHICH QUALIFY; THE INFORMATION IS NOT AS CURRENT AS IT SHOULD BE.
14. ALBEIT THIS IS OUR ONLY AUTHORITATIVE RESOURCE FOR PERFORMANCE COMPARISON AND IT SHOWS THAT HYDRO MISSISSAUGA RANKS FAIRLY WELL.
15. WHEN WE EQUATE THE NUMBER OF INTERRUPTIONS THROUGHOUT OUR CITY WITH THE DURATION OF THESE INTERRUPTIONS, THE LEVEL OF SYSTEM RELIABILITY IS IN OUR JUDGEMENT ACCEPTABLE.
16. WHEN WE CONSIDER CERTAIN SECTORS OF THE CITY AND APPLY THE SAME SCALE OF JUDGEMENT WE SEE THAT THE LEVEL IS UNACCEPTABLE.
17. HISTORY HAS SHOWN THAT THIS HAS ALWAYS BEEN THE CASE AND THE SECTORS ARE CONTINUALLY CHANGING.
18. I KNOW OF AREAS IN THE CITY WHICH A FEW YEARS AGO EXPERIENCED A RASH OF INTERRUPTIONS AND TODAY ARE RELATIVELY TROUBLE FREE. OTHER AREAS GO FROM ONE YEAR TO THE NEXT WITHOUT A MAJOR INTERRUPTION.

19. AS A RULE, AREAS UNDER DEVELOPMENT OR ADJACENT TO AREAS UNDER DEVELOPMENT EXPERIENCE AN ABNORMALLY HIGH NUMBER OF INTERRUPTIONS. THIS IS DUE TO THE FACT THAT THE ELECTRICAL COMPONENTS ARE NEW AND NEED TO GO THROUGH A "DE-BUGGING" PERIOD; OR, THE EQUIPMENT HAS BEEN DAMAGED AND CABLES CUT AS THE RESULT OF THE CONSTRUCTION ACTIVITY.
20. I TOLD YOU THAT WE HAVE DATA ON RELIABILITY GOING BACK FOR YEARS. HOWEVER IT'S ONLY VERY RECENTLY THAT WE'VE BEEN ABLE TO COLLECT AND STORE DETAILED INFORMATION BY MEANS OF A NEW MINI COMPUTER. WITHIN A COUPLE OF YEARS WE'LL HAVE A MUCH BETTER HANDLE ON INTERRUPTIONS WHEN WE LINK OUR SYSTEM CONTROL EQUIPMENT DIRECTLY WITH THE NEW HEWLETT-PACKARD 3000 MAIN FRAME COMPUTER.
21. WHAT WE'RE ABLE TO DO NOW IS TO SELECT AND LIST THE TEN BASIC CAUSES OF POWER INTERRUPTIONS AND THEN FOCUS ON THE CAUSE WITHIN THE CAUSE.
22. WHEN WE WERE A SMALLER UTILITY WE WERE ABLE TO CARRY OUT THIS ROUTINE MANUALLY; AS WE'VE GROWN TO OUR CURRENT STATURE WE'VE HAD TO RESORT TO THIS COMPUTERIZATION OF DATA WHICH IS A FAR MORE SOPHISTICATED SYSTEM.
23. AS SOON AS WE CAN IDENTIFY A REPETITIVE CAUSE WE THEN TAKE STEPS TO MOVE QUICKLY INTO A PREVENTATIVE MAINTENANCE PROGRAM. FOR EXAMPLE IN PAST YEARS WE'VE BEEN ABLE TO DO THIS IN THE CASE OF FAULTY LIGHTNING ARRESTORS, LINE FUSE AND BREAKER CO-ORDINATION, TREE PRUNING, CABLE SPLICES (ERIN MILLS) AND MORE RECENTLY TRANSFORMER INSULATOR CONNECTIONS.

24. ABOUT A YEAR AGO WE EMBARKED ON A PROGRAM TO RE-STRUCTURE OUR ORGANIZATION. THERE WERE A VARIETY OF REASONS WHICH SUGGESTED THAT WE DO THIS BUT THERE WERE THREE FUNDAMENTAL PURPOSES IN DOING SO:

(i) TO DIMINISH THE PYRAMIDAL-TYPE STRUCTURE WE HAD GROWN INTO OVER THE YEARS AND WHICH WAS HAMPERING THE LINES OF COMMUNICATION BETWEEN THE COMMISSION AND WHERE THE ACTION WAS TAKING PLACE.

(ii) TO CREATE AND DEVELOP A SEGMENT OR "DIVISION" WITHIN THE ORGANIZATION WHICH COULD CONCENTRATE ON PLANNING FUTURE ELECTRICAL SYSTEM EXPANSION AND TO ASSUME RESPONSIBILITY TO BUILD THE SYSTEM IN A TIMELY WAY AND MAKE IT WORK.

(iii) TO CREATE ANOTHER SEPARATE AND IMPORTANT SEGMENT OR "DIVISION" WITHIN THE ORGANIZATION WHOSE PRIME FUNCTION IS TO OPERATE AND MAINTAIN THE EXISTING ELECTRICAL SYSTEM IN A PLANFUL WAY.

25. THIS NEW STRUCTURE GRADUALLY EMERGED AND TOOK SHAPE DURING 1984.

26. THIS YEAR, 1985, WILL SE IT COME INTO FULL FRUITION. BY THAT I MEAN:

(i) WE ARE NOW FAR BETTER EQUIPPED TO MEET THE SERVICE REQUIREMENTS OF POTENTIAL NEW CONSUMERS, BOTH RESIDENTIAL AND INDUSTRIAL, COMING INTO OUR CITY. WE'LL HAVE POWER READY AND AVAILABLE WHEN IT'S REQUIRED BY THEM.

(11) WE WILL BUILD ON AND ENHANCE OUR PLANNED ONGOING PROGRAM OF MAINTAINING THE MILLIONS OF DOLLARS' WORTH OF ELECTRICAL EQUIPMENT THROUGHOUT THE CITY AND TO PAY ATTENTION TO THOSE COMPONENTS OF THE SYSTEM WHICH THREATEN OUR LEVEL OF SYSTEM RELIABILITY.

27. SYSTEM RELIABILITY IS WHERE I BEGAN THIS PRESENTATION. WE BELIEVE THAT BY AND LARGE THE CONSUMERS IN MISSISSAUGA ENJOY A FAIR LEVEL OF SYSTEM RELIABILITY. IT IS NOT OUR INTENTION TO PERMIT THAT ACHIEVEMENT TO DETERIORATE. INDEED, IF IT'S PRUDENT TO DO SO WE'LL EVEN IMPROVE ON OUR RECORD.
28. I BELIEVE WE ARE HERE TONIGHT BECAUSE OF THE FREQUENCY OF POWER INTERRUPTIONS IN THE ERIN MILLS AREA. JERRY MIRKA WILL TALK ABOUT THIS. I WANT TO SAY IN CLOSING THAT I'M OPTIMISTIC THAT WE HAVE ISOLATED THE PRIME CAUSE; WE'VE TAKEN STEPS TO MOVE QUICKLY INTO A PREVENTATIVE MAINTENANCE PROGRAM.
29. I WISH I COULD SAY THAT THE AREA IS NOW TROUBLE FREE, BUT I CAN'T. IT'S GOING TO TAKE TIME. THERE MAY STILL BE POWER OUTAGES. I'M CALLING ON YOUR PATIENCE AND UNDERSTANDING AND THOSE OF THE RESIDENTS IN THE AREA WHILE THE PROGRAM IS UNDER WAY. I KNOW WE'LL EVENTUALLY HAVE IT BEAT.
30. FOR THE LAST PART OF THIS PRESENTATION I'LL CALL ON JERRY MIRKA. YOU WILL WANT TO ASK QUESTIONS I'M SURE, AND THE TIME FOR THAT I THINK IS WHEN JERRY HAS CONCLUDED SINCE HIS REPORT MAY ADDRESS THE POINTS YOU WISH TO QUERY.

Dear Friends:

On behalf of The Salvation Army, may I take this opportunity to express our sincere appreciation for your support to families in need throughout Mississauga, during this festive season.

Christmas, more than any other time of year, makes us think of our own good fortune and provides us with the opportunity to share that with those less fortunate.

Because of your generosity and your love, we were able to meet the need of providing for a great number of families coming to us for assistance during this Christmas Season and throughout the winter months ahead. You can also take great pleasure in knowing that many families were able to have a happy Christmas as a result of your kind and generous donations.

Thank you also, for allowing us to be a small part of your gift.

Sincerely,

Your Honour,

Thank you very much for your participation at the Mayor's New Year Special Blood Donor Clinic at City Hall on December 29th. I know that your attendance was appreciated by the donors.

The clinic was a success with 215 people attending. Due to 27 deferrals, we were able to collect 188 units of blood. Our target had been 150 units, so we were delighted to surpass that goal.

We look forward to successful clinics in the future.

Dear Council Members:

On behalf of the Board of Directors, our members and staff, may I express our appreciation of your financial support of our work through an operational grant of \$5,000.

1984 has been a productive year for our organization. Our 1985 priorities include a project to determine long-term plans for community services in our area, as well as continuation of our valuable information, referral and settlement services. The support of municipal government for our work greatly assists in obtaining funding from other levels of government and therefore is most significant.

We will keep Council informed of our progress through newsletters and other communications through the year.

On behalf of the Board of Directors, the volunteers and the participating groups of the Mississauga Rainbow Festival, may I express our appreciation for the grant of \$43,000.00 awarded on December 20, 1984.

It is noted that such support from the Council to an event such as the Rainbow Festival allows the organization to confidently approach the corporate sector for support.

May I add my personal appreciation for the courtesy with which we were received at the December 20, 1984 Special Council Meeting and for the constructive comments and questions which were raised during the Meeting. Please be assured that they will be brought to the attention of the Board and will be dealt with appropriately.

LOCAL POLITICAL COMMENTARIES

Dear Mrs. McCallion:

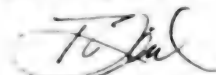

Beginning January 14 I will be doing political commentaries on CHWO 1250, Region of Halton (Oakville), and CJMR 1190, Mississauga. The commentaries will be scheduled three times a day following each major newscast.

I'm looking forward to paying special attention to our neck of the woods (I live in Oakville), and I hope that my commentaries will add to the richness of political life in both communities.

There will be times when I will expressly need your insights and I will be contacting you directly. I also hope to have an opportunity to meet with you in the near future to discuss the local political scene, and to hear your views of issues important to the local electorate.

Please ask your press officer to keep me informed of your activities, and feel free to call me if you have any ideas for comment, questions about sources (which I will gladly share if they are not primary), or varying views.

Sincerely yours

FOR IMMEDIATE RELEASE

January 10, 1985

Oakville, Mississauga radio
launch political commentaries

Toronto public affairs consultant Tom Reid will comment on political issues and personalities for two regional community radio stations, CHWO in the Region of Halton (Oakville) and CJMR in Mississauga, beginning January 14.

The commentaries will be heard three times a day following each major newscast* on both stations.

The 60-second commentary includes Reid's observations on local, regional, provincial, national and foreign political affairs.

"Politics affects our lives every moment of every day. It's rather like being trapped in a shower stall with a rogue elephant," says Mr. Reid. "Constant attention to the beast is advisable."

I-5-h

Mr. Reid has been active as a political organizer and communications strategist in provincial and federal election and leadership campaigns for more than 20 years.

He has been a journalist since 1960, writing for and editing daily newspapers and special interest magazines; writing for the CBC, private radio, and the CTV network; and contributing current affairs documentaries and commentaries to the CBC's The Journal, CTV's Canada AM, and CBC and private radio stations.

He has been a public relations man since 1969, counselling associations, multinational corporations, major developers, professional firms, chartered banks, retailers, and politicians.

Mr. Reid is a resident of Oakville and president of the Bay Street public relations firm Reid Management Ltd.

Dear Sir:

Re: Derry Road By-Pass
Meadowvale Village

At its meeting held on December 20, 1984, the Full Authority considered a Staff Report regarding the above noted and your letter of November 27, 1984. The following resolution was adopted:

67/84

"RESOLVED THAT: The Report of the General Manager of December 20, 1984, and the letter from the Region of Peel of November 27, 1984, both regarding the proposed Derry Road realignment through the Village of Meadowvale, be received."

In addition, the matter of the realignment and the Authority's position with respect to Route 'I' was reopened, and resulted in the adoption of the following resolutions:

68/84

"RESOLVED THAT: The resolution on the route selection for the proposed Derry Road By-Pass through the Village of Meadowvale be reconsidered."

69/84

"WHEREAS several years of studies have been undertaken by a number of concerned agencies; and

WHEREAS all these concerned agencies have recommended Route 'I'; and

WHEREAS the concerns of the C.V.C.A. have been resolved to the highest degree possible;

Dear Mayor and Members of Council:

We have chemicals manufacturing, packaging and distribution facilities located on Lot 33 on Concession 2 in Mississauga. This gives us frontage onto Royal Windsor Drive east of Winston Churchill Boulevard.

We are quite concerned about the request to rezone property located on the east side of Winston Churchill Boulevard. Specifically the property in question is the land north of Lakeshore Road West bordered by Winston Churchill Boulevard, Hazelhurst Road and the Rail Siding. The request is to rezone these properties to residential use.

We consider our facilities to be up-to-date and well managed from the environmental point of view. Even so, general experience leads us to expect an aggravated and adversarial relationship with local residents any time residential properties are in close proximity to heavy industry. It is natural for residents to try to upgrade the value of their property by urging the removal of heavy industry, even if the heavy industry got there first. We therefore believe that it is most important to maintain a buffer zone of light industrial, commercial or parkland between residential areas zoned M3 for heavy industry to avoid confrontation. We built our plant, which has a total investment value of \$6 million, with the expectation that the M1 and M2 buffer zones would be maintained.

We would urge you to consider the negative impact of permitting residential construction in such close proximity to a heavy industrial area on future investment decisions in this area.

Thank you for your attention.

Very truly yours,

Dear Mayor and Members of Council:

We have just learned of a request to rezone property located on the east side of Winston Churchill Boulevard bounded by Hazelhurst Road, Lakeshore Road West and the Rail Siding.

Our plant is located on the north side of Royal Windsor Drive about half a mile east of Winston Churchill Boulevard. We manufacture vinyl siding at the plant.

We are concerned with the proposal to rezone the above area to residential. Historically, owners of residential properties make determined efforts to have industries near their homes removed. Normally the fact that the industries were located first on properly zoned land has little, if any, impact.

Residents usually complain of noise, odours, traffic or many of the other characteristics inherent to industrial complexes. That is the basic reason that buffer zones are set up in a property organized community.

In 1974 we investigated many locations between Oshawa and Hamilton before building here in Mississauga. Many factors were involved in our selection, not in the least was the zoning in effect in this area. We have invested \$11 million in our plant and property have a very significant investment here.

We are opposed to any rezoning program of the adjacent areas which could remove the buffer zones initially established between the industrial and residential areas.

Sincerely,

DAYMOND

Dear Mayor and Members of Council:

Tricil, since 1973, has operated an industrial liquid waste pretreatment and transfer facility located at 551 Avonhead Road in Mississauga.

We understand a request to rezone property located on the east side of Winston Churchill Boulevard has been made. Specifically the property in question is the land north of Lakeshore Road West bordered by Winston Churchill Boulevard, Hazelhurst Road and the Rail Siding. The request to rezone these properties for residential use is of concern to Tricil and most probably other local industries.

General industrial experience would lead one to expect that removal of the existing buffer zone between residential and industrial areas will eventually result in pressure to close down the industrial business or limit their ability to increase business activity.

We, therefore, believe that it is most important for all concerned to maintain a buffer zone of light industrial, commercial or parkland between residential areas and industry.

We urge you to consider the potential negative impact of permitting construction of residential buildings in such close proximity to a local industry.

Yours very truly,

Dear Mayor and Members of Council:

This is to express concern over the proposed rezoning to residential use of the property north of Lakeshore Road West bordered by Winston Churchill Boulevard, Hazelhurst Road and the Rail Siding.

We constructed in 1960 and have since expanded at considerable expense a plant at 2500 Royal Windsor Drive and we are concerned that the further encroachment of residential use property into the buffer zone. As you know, we are currently involved in the construction of a 200,000 square foot warehouse at 2490 Royal Windsor and in substantial capital investment to further mechanize our operation. As recently as November 29, 1984, we have also invested substantial capital in the erection of an odour incinerator to remove our contribution to the odour problem in this area. This, I believe, demonstrates our willingness to be good corporate citizens in the communities in which we live and work. We ask, in return, that serious consideration be given by these communities to those actions which may reduce or inhibit our ability to manage our business either now or at some point in the future.

Dear Hazel:

Thank you for your recent correspondence informing me of the report prepared by Mr. Gord Johnstone and presented to Council pursuant to the recent visit to Japan and Hong Kong.

As indicated in the report, the proposals by city officials to expand existing Canadian operations of Japanese companies and to encourage prospective new investment, were very well received.

There certainly appears to be an excellent potential for increased business activity with both the Hong Kong and Japanese markets. The efforts of the City of Mississauga to encourage local business investment on the international market should be applauded in this regard.

I look forward to Council's course of action on the development of the report's recommendations.

NOTE:

On December 17, 1984, Council received a report from G. Johnstone copies of which was sent to the local MP's and MPP's and Mr. Johnstone was requested to prepare a further report to A&F as to what course of action the City should follow in encouraging businesses from these areas to locate in Miss.

RE: Site Plan Control - Planning Act, 1983 DEPARTMENT

I am writing to report that January 1, 1986 will be the proclamation date for the site plan control section of the Planning Act, 1983.

Your contacts with my staff show that many municipalities do not expect to propose the necessary official plan provisions on site plan control and have them approved by June 1, 1985. A similar message comes from the many responses municipalities made to the questions distributed with Guideline 9 - Official Plans and the Use of Site Plan Control. You may recall that earlier this year my staff suggested in a bulletin to you that June 1, 1985 appeared to be an appropriate date for the site plan control section of the Planning Act, 1983 to come into effect.

Those municipalities who have determined that new official plan provisions are needed to enable use of site plan control under the Planning Act, 1983 should begin work on these provisions as soon as possible. When the site plan control section of the Planning Act, 1983 comes into force, only those municipalities with approved official plan provisions on site plan control satisfying the requirements of that Act can exercise site plan control authority.

My staff in the Community Planning Wing are ready to help you work with Guideline 9, provide advice and review any draft official plan provisions on site plan control you prepare.

I am confident that together we can ensure that by this time next year your municipality is properly prepared for the proclamation of the site plan control section of the Planning Act, 1983.

Memorandum to: The Head of Council and Municipal Clerk

~~S.A. DATE~~ JAN 28 1985

I am pleased to announce that the Province of Ontario, through the Involvement in Municipal Administration program, will again be providing financial assistance to municipalities willing to offer students practical and meaningful experience in local government. We anticipate that we will be able to make up to 350 student positions available in 1985.

Detailed guidelines are enclosed. In view of the expected demand for participation in the program, we urge interested municipalities to contact the Subsidies Branch of this Ministry as soon as possible to reserve positions and request application forms. Please note that these positions will be allocated on a first come, first served basis.

We hope that you will take advantage of this opportunity to give students a greater awareness of municipal concerns and responsibilities, to give them meaningful experience in local government operations, and, at the same time, to undertake projects which you might not otherwise have found possible.

Involvement in Municipal Administration
1985 Guidelines

Purpose of the Program

- 1) to assist municipalities in developing qualified future employees and in undertaking projects which otherwise might not be possible.
- 2) to give college and university students enrolled in courses of study with relevance to local government greater awareness of municipal concerns and responsibilities; to provide the students with practical, meaningful municipal experience in their areas of study; and to develop future municipal managers.

Eligible Participants

All municipalities, municipal associations, and district school area boards, as well as some planning boards, are eligible to participate in this program.

Eligible Students

Students must be currently enrolled in an Ontario university or community college course of study which includes core programs of:

- 1) business, public, or municipal administration;
- 2) commerce, economics, or political science;
- 3) environmental studies, urban geography, urban or regional planning;
- 4) the computer sciences (i.e. programming and systems analysis);
- 5) law (i.e. LL.B. or legal office administration/assistant).

How to Apply

Each participant may employ up to two students, one of whom may be a planning student if the population of the municipality is under 50,000. Municipalities with populations over 50,000 are not eligible to hire planning students under this program.

There will be approximately 350 student positions available under this program for 1985, to be allocated on a first come, first served basis. If you are interested in participating, you should call the Subsidies Branch at (416) 585-6198 before February 15, 1985, to reserve positions.

You will then be sent an application form which must be completed and returned by May 31, 1985, indicating the students' names, their proposed duties, and the name of the person who will liaise with the Ministry during the course of the program. Applications not returned by May 31, with the exception of those for co-op positions, will be cancelled, and the positions will be made available to other municipalities.

I-13-h

- 2 -

Hiring the Student

Once you have reserved a position you may proceed immediately to interview students. Potential candidates may be identified by contacting colleges and universities directly (a list of contact people will be provided upon request) or by advertising the position. Before offering a job, however, you must ensure that the student is enrolled in a course which meets the eligibility requirements (see Page 1). If in doubt, call the branch for confirmation that the student's study program is acceptable.

If a student decides not to work for the municipality or terminates employment before the maximum work term has expired, you may substitute another student, but only after obtaining the approval of the Subsidies Branch.

If you cannot use a position which has been reserved, please let the branch know as soon as possible so that the position may be made available to another municipality.

Co-op Students

Many colleges and universities operate on a semester basis, with the result that students are available for work during other than the summer months. If you wish you may employ a student for any 18-week period in the year (eg. September to December), but you must still reserve the position before the February 15 deadline.

Subsidies

The Ministry will reimburse 75% of a student's salary, including fringe benefits (C.P.P., U.I.C., Vacation Pay, Workmen's Compensation), to a maximum of \$135 per week. Examples of calculations of the subsidy at different salary levels are shown in the attached appendix. Each student must work no fewer than 10 and no more than 18 weeks (but see above regarding substitutions).

After the branch has received and approved your application, you will receive an advance payment equal to 75% of the total estimated grant. The balance will be paid upon receipt of your final claim for reimbursement.

Please retain all records supporting your payroll costs. Your claim may be audited.

Dear Mayor McCallion,

I am writing to bring you up to date with respect to the Foundation's implementation of the Bradley Museum Feasibility Study (1983).

Working closely with the City's Recreation and Parks Department, we have set up the new Bradley Museum Board of Management. The new directors are enthusiastic and eager to get started, and an orientation and training program is being designed by members of the Historical Section. The Board of Management consists of the following individuals:

Recreation and Parks:	Mary-Lou Evans (City Historian-Curator)
Peel Museum Board:	Rowena Coleman
Peel Board of Education:	Scott McPherson
Dufferin-Peel Separate School Board:	Maureen Langlois
Visual Arts Mississauga:	Susan Zoerb (Community Organization)
Mississauga Library Board:	Denise O'Connor (Community Organization)
Gulf Canada:	R.E. Dart (Corporate Sector)
Resident/Citizen-at-large:	William Hicks (Mississauga Board of Trade)
Resident/Citizen-at-large:	Ann Quinn (Lorne Park Estates Residents' Association)
Mississauga Heritage Foundation:	Margaret Lawrence
Bradley Museum Volunteers:	Linda Penrose

In addition, Councillor Margaret Marland has offered to act in an advisory capacity to the above Board, as she does to the Board of Directors of Visual Arts, Mississauga.

The new Board will be electing its own officers, and setting up the committees recommended in the Feasibility Study, making use of the Foundation's name-bank of Mississaugans who are concerned for the City's heritage.

You will remember that a second recommendation of the Feasibility Study was the establishment of the position of Museum Manager, and as you are aware, this position has been included in the 1985 budget of the Recreation and Parks Department. We are hopeful that budget approval will be forthcoming making the hiring of the Museum Manager a reality in the near future.

The Foundation has also been reviewing its own future role in heritage matters. With the establishment of the Bradley Museum Board of Management, the Foundation is able to take up new duties that fall under the broad mandate of its Charter. We have been carefully studying the B.R.I.C. Community Heritage Fund Guidelines (copy enclosed). On November 19, 1984, L.A.C.A.C. recommended to Council "that the Mississauga Heritage Foundation, being a non-profit organization, be requested to assume responsibility for administering the Community Heritage Fund on behalf of the City of Mississauga." This recommendation was passed at General Committee December 5, 1984. I am happy to report that should the City Council decide to set up a Community Heritage Fund, the Mississauga Heritage Foundation is willing to accept the responsibility of administering that Fund (see enclosed December 10, 1984, minutes of the Mississauga Heritage Foundation, p. 5).

1984 was an active and productive year for all of us involved in heritage matters in Mississauga. The decisions taken during 1984 should lead to an equally productive year in 1985. The members of the board of the Mississauga Heritage Foundation wish to thank you for the interest and support you have extended to the Foundation, and to wish you a Happy (and fulfilled) New Year.

Sincerely,

A GUIDE TO THE COMMUNITY HERITAGE FUND PROGRAM

INTRODUCTION

The Community Heritage Fund Program is one of four components of the Building Rehabilitation and Improvement Campaign (BRIC). As one of a series of economic strategies under the Board of Industrial Leadership and Development (BILD) initiative, BRIC provides financial assistance for architectural conservation. Funding assistance will be available until December 31, 1986.

OBJECTIVES OF THE PROGRAM

The objectives of the Community Heritage Fund Program are to encourage local initiative in architectural conservation and to promote the conservation and stabilization of properties and areas of architectural and historical value.

DEFINITIONS

Revolving Fund

A revolving fund is used to finance activities which both fulfill the mandate of the fund and also return money to the fund for further related activities.

Local Architectural Conservation Advisory Committee (L.A.C.A.C.)

Under section 25 of the Ontario Heritage Act a municipality may, by by-law establish a L.A.C.A.C. to advise and assist Council on matters relating to Part IV and Part V of the Act.

Designated Property

A designated property is a property designated as being of architectural and/or historical value under Part IV or Part V of the Ontario Heritage Act. The application of this Program to properties included in a Part V designation (Heritage Conservation District) should be restricted to those properties specifically identified as properties of architectural and historical interest.

Restoration Agreement

A restoration agreement is a contract defining the work to be undertaken and the standard of work (including methods and materials) which an owner or potential owner agrees to maintain in conserving a heritage property. The agreement is registered on title to the subject property.

Heritage Conservation Easement

A heritage conservation easements means a legal agreement entered into under Section 37 of the Ontario Heritage Act. It allows the owner of heritage property to insure its preservation while retaining possession and use of the property.

PROGRAM DESCRIPTION

The Community Heritage Fund Program has two parts: the first part provides seed money to municipalities to assist them in establishing capital funds for the purpose of investing in architectural conservation; the second part provides seed money for capital funds established by community based non-profit corporations, incorporated for the purpose of preserving our architectural heritage.

I-14-e

THE FUND

MUNICIPALITIES

This Fund will allow the municipality to make grants, loans and loan guarantees to owners of designated heritage properties.

Eligibility Criteria

To be eligible to participate in the program a municipality must:

- 1) have a LACAC;
- 2) contribute a minimum of \$5,000.00 as its share of the Community Heritage Fund.

The Provincial Grant

The province will contribute to the establishment of this Fund to a maximum provincial grant of \$250,000 on the following basis:

The province will contribute \$2.00 for every \$1.00 contributed by the municipality up to \$25,000; for any amount contributed by the municipality above \$25,000 the province will contribute \$1.20 for every \$1.00 (all to a total maximum provincial grant of \$250,000).

A municipality may apply for provincial funding once each year provided that it makes a minimum \$5,000 contribution for each application. This contribution may include private donations.

Total Fund	\$441,666.67	

The Ministry of Citizenship and Culture reserves the right to award grants to effect an equitable distribution of provincial funds across Ontario, and to allocate monies for the Community Heritage Fund Program subject to the availability of funds.

Use of the Fund

Fund money may be used by the municipality:

- to award grants to owners of designated heritage property for the conservation of that property;
- to lend money for the purchase and/or conservation of designated heritage property;
- to guarantee loans for the purchase and/or conservation of designated heritage property.

Conditions of Fund Use

Grants to Owners of Designated Property

The municipality may award grants only to owners of designated heritage property for the conservation of that property.

Where the municipality awards grants totalling \$10,000 or more in respect of any one property, the recipient (other than the municipality) must donate a heritage conservation easement in perpetuity to the municipality.

The municipality shall enter into a restoration agreement with all grant recipients who are assisted for the purpose of undertaking conservation work.

Loan and Loan Guarantees to Owners of Heritage Property

The municipality may lend Fund money to owners or purchasers of any designated heritage property.

I-14-9

Under some circumstances the municipality may find it advantageous to guarantee a loan rather than to lend the money outright.

All loans and loan guarantees for conservation and purchase must be secured by the municipality.

As a condition of any loan or loan guarantee for the purchase of a heritage property the purchaser of the property must enter into a heritage conservation easement in perpetuity with the municipality.

As a condition of a loan or loan guarantee of \$15,000 or more for the purpose of doing conservation work on a heritage property, the recipient must enter into a heritage conservation easement in perpetuity, with the municipality.

The municipality shall enter into a restoration agreement with all loan and loan guarantee recipients who are assisted for the purpose of undertaking conservation work.

NON-PROFIT CORPORATIONS

This Fund will operate primarily as a revolving fund existing to finance heritage conservation projects which have the potential of returning money to the Fund and generating profits which can then be used to finance other heritage conservation projects. The non-profit corporation may buy and restore heritage properties for resale at a profit. Also loans and loan guarantees may be made to owners of designated heritage properties. Grants may be made to owners of designated heritage properties but should be restricted to exceptional cases.

Eligibility Criteria

To be eligible to participate in the program the non-profit corporation must:

- 1) be incorporated for the purpose of heritage preservation in the province;
- 2) demonstrate its ability to effectively operate the Fund;
- 3) contribute a minimum of \$5,000.00 as its share of the Community Heritage Fund.

The Provincial Grant

The province will contribute to the establishment of this Fund to a maximum provincial grant of \$250,000 on the following basis:

The province will contribute \$2.00 for every \$1.00 contributed by the non-profit corporation up to \$25,000; for any amount contributed by the non-profit corporation above \$25,000 the province will contribute \$1.20 for every \$1.00 (all to a total maximum provincial grant of \$250,000). The province provides the larger component of the Fund recognizing that the administrative costs of the Fund will be borne by the non-profit corporation.

A non-profit corporation may apply for provincial funding once each year provided that it makes a minimum \$5,000 contribution for each subsequent application. This contribution may include funds from any source except other provincial funding programs.

EXAMPLES

Example #1

Non-profit corporation contributes	\$ 25,000
Province contributes	50,000
Total Fund	<u>\$ 75,000</u>

\$2.00 for every \$1.00 raised by non-profit corporation = \$50,000

Example #2

Non-profit corporation contributes	\$ 100,000
Province contributes	140,000

\$2.00 for every \$1.00 contributed by the non-profit corporation up to \$25,000 = \$50,000

+

\$1.20 for every \$1.00 contributed by the non-profit corporation from \$25,000 to \$100,000 = \$90,000

\$ 140,000

Total Fund \$ 240,000

Example #3

Over life of program non-profit corporation contributes	\$191,666.67
Over life of program Province contributes	\$250,000.00

\$2.00 for every \$1.00 contributed by the non-profit corporation up to \$25,000 = \$50,000

+

\$1.20 for every \$1.00 contributed by the non-profit corporation from \$25,000 to \$191,666.67 = \$200,000

\$ 250,000

Total Fund \$441,666.67

The Ministry of Citizenship and Culture reserves the right to allocate grants to effect an equitable distribution of provincial funds across Ontario and to allocate monies for the Community Heritage Fund Program subject to the availability of funds.

Use of the Fund

Fund money may be used by the non-profit corporations:

- to purchase designated heritage property for conservation and resale at a profit;

I-14-i

- to purchase designated heritage property for resale subject to a restoration agreement;
- to lend money for the purchase and/or conservation of designated heritage property;
- to guarantee loans for the purchase and/or conservation of designated heritage property;
- to award grants to owners of designated heritage property for the conservation of that property;
- for other types of capital projects dealing with conservation acceptable to the ministry.

Conditions of Fund Use

Purchase of Heritage Property

The non-profit corporation may use Fund money to purchase any designated heritage property.

Depending upon market conditions and the availability of potential purchasers the non-profit corporation may:

- conserve the property for resale;
- hold and/or stabilize the property for resale subject to a restoration agreement;
- conserve and/or stabilize the property for rental and eventual resale when market conditions are right.

While a property is in its ownership the non-profit corporation must donate a heritage conservation easement in perpetuity to the municipality.

Sale of Heritage Property

Where the non-profit corporation chooses to sell a building prior to its conservation, the non-profit corporation must enter into a restoration agreement with the proposed purchaser.

Loan and Loan Guarantee to Owners of Heritage Property

The non-profit Corporation may lend Fund money to owners or purchasers of any designated heritage property.

Under some circumstances the corporation may find it advantageous to guarantee a loan rather than to lend the money outright.

All loans and loan guarantees for conservation and purchase must be secured by the non-profit corporation.

As a condition of any loan or loan guarantee for the purchase of a heritage property the non-profit corporation shall require that the purchaser of the property enter into a heritage conservation easement in perpetuity with the municipality.

I-14-1

- 7 -

As a condition of a loan or loan guarantee of \$15,000 or more for the purpose of doing conservation work on a heritage property, the non-profit corporation shall require that the recipient enter into a heritage conservation easement in perpetuity with the municipality.

The non-profit corporation shall enter into a restoration agreement with all loan and loan guarantee recipients who are assisted for the purpose of doing conservation work.

Grants to Owners of Designated Property

The non-profit corporation may award grants to owners of a designated heritage property for the conservation of that property.

Where the non-profit corporation awards grants totalling \$5,000 or more for conservation in respect of any one property, the recipient (other than the municipality) must donate a heritage conservation easement in perpetuity to the municipality.

The non-profit corporation shall enter into a restoration agreement with all grant recipients who are assisted for the purpose of undertaking conservation work.

PROVINCIAL RIGHTS

All provincial rights together with municipal and non-profit corporation obligations will be secured by way of contract.

The municipality or the non-profit corporation must, at the request of the Ministry, repay to the Ministry the whole or any portion of the Ministry's share of any money remaining in the fund plus interest accruing thereon if:

- (i) the Fund ceases to function;
- (ii) either the municipality or the non-profit corporation improperly depletes the fund;
- (iii) either the municipality or the non-profit corporation withdraws its contribution to the Fund in whole or in part;
- (iv) either the municipality or the non-profit corporation is not operating in a manner consistent with the Guide to the Community Heritage Fund Program as published by the ministry;
- (v) in the opinion of the ministry the work is not completed in accordance with acceptable standards of conservation; the ministry will provide information with respect to this matter;
- (vi) either the municipality or the non-profit corporation uses fund money for projects which are not compatible with program objectives as defined by the ministry;
- (vii) the contract is terminated prior to its expiry date.

The above provincial rights will terminate upon the expiry of the contract.

Business arising from the minutes:

1. G. Eley reported on his investigation of the rotation of Directors on similar heritage boards in the province.

Moved by G. Eley, seconded by M. Harrison, that the Mississauga Heritage Foundation by-laws be amended to state that half of the Board of Directors be appointed for two (2) year terms and the remaining half for four (4) year terms; and that those serving for two (2) year terms could be asked to serve for another two (2) year term.

Not Carried.

Discussion Followed:

An amendment to G. Eley's motion was moved by A. Temporale, seconded by M. Innes, that all members of the Board will be approved for a three (3) year term; and that of the nine (9) current Directors of the Board that three (3) members of the Board will extend their term for one (1) year; and that three (3) members of the Board will extend their term for two (2) years; and that three (3) members of the Board will begin a three (3) year term. All members of the Board will have the option to renew their term for one (1) three (3) year term.

Carried Unanimously.

Moved by M. Innes, seconded by M. Lawrence, that the officers of the Board, the President, Vice-President, Secretary and Treasurer be appointed for a two (2) year term of office.

Carried Unanimously.

2. Bradley Museum Board of Management Draft By-law:

Moved by M. Lawrence, seconded by G. Eley, that a section on the Election of Officers be included in the new Board's By-law that empowers the Bradley Museum Board of Management to elect their own officers.

Carried Unanimously.

Moved by M. Innes, seconded by A. Temporale, that the By-law of the Bradley Museum Board of Management be accepted as amended with the following amendments:

That "he" be indicated as meaning he or she; That "Museum Director" be changed to "Museum Manager"; and that under #17, Museum Volunteers, "in consultation with appropriate staff" be added to subsections #1 and #2.

... 3

I-14-0

Correspondence:

1. Letter received from Susan Fis , Ministry of Citizenship and Culture, November 8, 1984 announcing a 1984 Community Museum Operating Grant to the Bradley Museum of \$21,009.00. The cheque will follow shortly.
2. Announcement received from the Ministry of Citizenship and Culture of awards to honour volunteers in the province, the Volunteer Service Awards.

Moved by M. Innes, seconded by G. Eley that Margaret Lawrence be nominated for a Volunteer Service Award for the fifteen (15) years she has served as Secretary of the Mississauga Heritage Foundation.

Carried Unanimously.

Moved by M. Lawrence, seconded by A. Temporale, that Mercia Harrison be nominated for a Volunteer Service Award for the fifteen (15) years she has served on the Mississauga Heritage Foundation.

Carried Unanimously.

Moved by M. Harrison, seconded by G. Eley that Rosamond M. Vanderburgh, a founding member of the Board, be nominated for a Volunteer Service Award for her twenty-four (24) years of service to the Mississauga Heritage Foundation.

Carried Unanimously.

3. Invoice received from P. Mery for \$50.00 for the production of genealogical charts for the publication, The Families of Merigold's Point.
4. Letter received from I. W. Scott, Commissioner of the City Recreation and Parks Department appointing Mary Lou Evans, City Historian-Curator, as the Recreation and Parks Department's representative on the Bradley Museum Board of Management.

Curator's Report:

V. Marchant, Assistant Curator, read the attached Curator's Report into the minutes. She moved acceptance of the report. It was so moved.

M. L. Evans, Historian-Curator, submitted the attached report entitled "Bradley Museum Board of Management, 1985 Meeting Plan/Orientation Sessions". She moved acceptance of the Report. It was so moved.

I-14-p

- 4 -

Secretary's Report:

1. M. Lawrence reported that a cheque for \$2,700.00 was received as a Bicentennial Grant from the City of Mississauga for the publication of The Families of Merigold's Point.
2. R. M. Vanderburgh reported on the Peel Multicultural Society meeting, November 29, 1984, that she and M. Lawrence attended on behalf of the Foundation. She recommended that the Foundation consider approaching the Peel Multicultural Society when a vacancy occurs on the Board.
3. M. Lawrence reported on the progress of the publication The Families of Merigold's Point. Porcupine's Quill has informed her that the galleys will be ready the week of December 10, 1984. M. Lawrence will contact the Clarkson B.I.A. by letter requesting their donation of \$250.00 towards the publication.

New Business:

1. After contacting each nominee by telephone, R. M. Vanderburgh reported that all nominees for the Bradley Museum Board of Management present at the November 19, 1984 meeting were willing to serve on the new Board.

R. M. Vanderburgh reported that the Meadowood-Rattray Resident's Association nominee had not responded and that W. Hicks would therefore be invited to serve as a Resident-at-Large.

A letter will be sent to the Meadowood-Rattray Resident's Association informing them of this and also informing them that when a vacancy occurs in this category they will be requested to submit another nominee.

R. M. Vanderburgh presented the Slate of Nominees as follows:

Recreation and Parks -- Mary Lou Evans, City Historian-Curator
Peel Museum Board -- Rowena Coleman
Peel Board of Education -- ~~William Kent~~ Scott McPherson
Dufferin-Peel Separate School Board -- Maureen Lauglois
Community Organizations:
- V.A.M. -- Susan Zoerb
- Mississauga Library Board -- Denise O'Connor
Corporate Sector - Gulf Canada -- R. E. Dart
Resident/Citizen-at-large: Mississauga Board of Trade - William Hicks
Lorne Park Estates -- Ann Quinn

Moved by M. Innes, seconded by A. Tempore that the Slate of Nominees be accepted.

Carried Unanimously.

.... 5

I-14-9

2. Moved by M. Harrison, seconded by G. Eley that M. Lawrence be appointed as the Mississauga Heritage Foundation representative on the Bradley Museum Board of Management for one (1) year.
3. J. Millar suggested three (3) individuals as possible replacements for M. Innes on the Foundation's Board. It was agreed that the individual replacing M. Innes would serve as Corresponding Secretary of the Foundation. J. Millar was requested to approach the three (3) people he had in mind, outlining the responsibilities of a Board member and determining if they would be willing to serve as the Corresponding Secretary. Those interested would be invited to the next Foundation Meeting.
4. R. M. Vanderburgh reported on the November meeting of the Ad Hoc Committee (R. M. Vanderburgh, T. McIlwraith and M.L. Evans). She reported that the Committee felt that the Historical Section, L.A.C.A.C., and the Mississauga Heritage Foundation needed to each very carefully spell out their roles before an overall policy is developed.
5. The B.R.I.C. Community Heritage Fund Guidelines were circulated to the Board with the minutes of the November 19, 1984 meeting. R. M. Vanderburgh reported that taking part in the Community Heritage Fund programme as the sponsoring non-profit corporation is one way the Foundation will be able to undertake a larger role in the management of the City's heritage resources. M. Innes reported that L.A.C.A.C. at its meeting on November 19, 1984, had recommended to Council "that the Mississauga Heritage Foundation, being a non-profit organization, be requested to assume responsibility for administering the Community Heritage Fund on behalf of the City of Mississauga." This recommendation was passed at General Committee, December 5, 1984.

Moved by M. Innes, seconded by A. Temporale, that the Mississauga Heritage Foundation assume the responsibility of administering the Community Heritage Fund for the City of Mississauga.

Carried Unanimously.

The Meeting was adjourned at 10:15 pm.

The next General Meeting of the Mississauga Heritage Foundation will be held Monday, January 21, 1984 at 7:00 pm in the Callahan Room of the Mississauga Valleys Community Centre.

 Total: \$270.62

Katimavik:

During the month of November and the first two weeks of December, four members of Katimavik have been assisting with the cataloguing of the collection, interpretation, and preparations for Christmas at Bradley House. Their work, although requiring a great deal of supervision from staff, has contributed significantly to the updating and organization of collection records and, during the Christmas program, will alleviate pressure on staff members.

Katimavik's work term will end on Friday, December 14th, 1984.

Part-Time Staff:

Lilo Abonyi, a volunteer with two years work experience at Bradley House, has been hired as a part-time interpreter. Lilo has been assisting with the Christmas program during the months of November and December and will work a total of approximately 105 hours. It is hoped that Lilo will work on a part-time basis during 1985.

I-14-a

Volunteers:

The volunteers continue to make a significant contribution to Bradley House. During November, approximately 40 hours were worked, predominantly in interpretation and cataloguing (photography).

10th Anniversary Heritage Plaques:

Of the nine (9) plaques scheduled for erection the following have been dedicated:

September 11, 1984	- St. Peter's Anglican Church Rectory, Erindale (Ward 6)
October 14, 1984	- Streetsville Summer School (Ward 9)
November 25, 1984	- Lewis Bradley House (Ward 2)
December 7, 1984	- Cherry Hill (Ward 4)

Due to problems with the Foundry (Nelson Bronze, New Hamburg, Ontario) the following remain to be unveiled and will be scheduled in early 1985:

Middle Road Bridge (Ward 7)
Dixie Union Chapel (Ward 3)
Port Credit (Ward 1)
Malton (Ward 5)
Erindale Public School (V.A.M.) (Ward 8)

MEMORANDUM

To MISSISSAUGA HERITAGE FOUNDATION
Dept. _____

From MARY LOU EVANS
Dept. RECREATION AND PARKS

December 4, 1984

SUBJECT:

Bradley Museum Board of Management
1985 Meeting Plan/Orientation Sessions

COMMENTS:

Friday, November 30, 1984 C. Campbell, Regional Consultant, Region Services Branch, Ministry of Citizenship and Culture met with M. L. Evans and V. Marchant to discuss and plan a series of orientation meetings for the new Bradley Museum Board of Management. (R. Vanderburgh was unable to attend the meeting). The objective of the meetings will be to develop within the new Board a sense of commitment to the statement of purpose and the goals and objectives of the Bradley Museum. An organizational structure and specific task orientation will then be developed.

A flexible outline of six sessions with the new Board was planned. Only the first session was designed in detail. This was done in order that a Planning/Steering Committee composed of members of the new Board and staff could devise the remaining sessions in detail and thus, respond to the needs of the new Board.

The sessions will be a part of monthly meetings of the new Board and are outlined as follows:

January 1985

- I Statement of Purpose
- II Administration
- III Finance
- IV Establishment of Planning/Steering Committee.

February 1985
March 1985
April 1985

Presentation and discussion of policies arising out of the statement of purpose

May 1985

Planning strategy, fiscal development discussion.

June 1985

Development of specific tasks.

I-14-m

The orientation session in January will consist of:

- I A short presentation on the statement of purpose and the policies arising out of it.
- II A presentation on the administration of the museum including background, current and special emphasis on long range planning for the administration of the museum as outlined in the Planning Study. Discussion.
- III A presentation on museum finances will also include background, current financial statement, and long term financial picture highlighting the new Board's financial responsibilities. The 1985 Budget will also be presented to the Board. Discussion.
- IV Establishment of a Planning/Steering Committee to design the next five orientation sessions for the Board.

C. Campbell informed staff that the Ministry of Citizenship and Culture, Regional Services Branch, will be holding a Facilitator Workshop, February 14, 15, 16th, 1985 for individuals working with volunteer boards. Specific information on the workshop will be forwarded in January 1985. C. Campbell has suggested that two (2) individuals from the museum administration be nominated to attend the workshop.

RECOMMENDATIONS:

1. That V. Marchant and a member of the Bradley Museum Board of Management be nominated to attend the Facilitator Workshop, February 14, 15, 16, 1985 sponsored by the Ministry of Citizenship and Culture.
2. That the above report on the Bradley Museum Board of Management 1985 meeting plan/orientation sessions be received.

C.A. DATE JAN 28 1985

Dear Sir:

I have been advised by your secretary to send a letter to you concerning the sidewalks in Mississauga. They are never paved. I am a taxpayer and think I have certain rights where my safety is concerned. I have put up with this problem for a number of years and am fed up. The other day I had to help an elderly lady over a huge snowbank just to get on the bus. This is ridiculous. Your secretary informed me that only sidewalks with priority get shoveled. As far as I am concerned when I have to walk on a busy street - because I cannot walk on the sidewalk then that becomes a priority. What do the City of Mississauga want people to do all winter - hibernate? Something must be done. I am in my late twenties and find it impossible to walk on those sidewalks - can you imagine what a Senior citizen feels like. I am not near a Senior's home - but there a number of elderly in my building alone. It really annoys me when after seeing my paycheque dwindle because of taxes I cannot even enjoy a walk when I choose to. As far as carrying groceries in the winter - forget it. It is far too dangerous. There is no choice

I-18

but to walk on the road and have drivers honk and yell at you.
If I get no satisfaction from your office - I will keep going
until someone does something.

Thank-you for taking time to read my letter and I would
appreciate an answer to this problem.

Yours truly,

Karen Goodale

MR. CHAIRMAN:

THANK YOU FOR THE INVITATION TO BE WITH YOU TODAY.

I SINCERELY APPRECIATE THIS OPPORTUNITY TO TALK WITH YOU ABOUT A SITUATION THAT CONCERNS ME GREATLY -- AND SHOULD CONCERN YOU AS ENERGY CONSUMERS IN ONTARIO.

MY CONCERN IS ONE OF DELAYS

- AND THE COSTS THAT RESULT FROM DELAYS
- COSTS THAT WILL IMPACT ON EVERY ONE OF US
- COSTS THAT WILL BE REFLECTED IN OUR UTILITY BILLS AND OTHER COSTS THAT COULD RESULT FROM POWER OUTAGES - FOR IT IS EVIDENT THAT THE RELIABILITY OF OUR ELECTRICAL SERVICE WILL BE AFFECTED.

HERE IS SOME BACKGROUND INFORMATION ON THE SITUATION THAT FACES ALL OF US AS CONSUMERS AND ONTARIO HYDRO AS THE SUPPLY AUTHORITY.

IN 1973, ELEVEN YEARS AGO, ONTARIO HYDRO REQUESTED APPROVAL FOR TWO DOUBLE-CIRCUIT 500 KV LINES OUT OF THE BRUCE NUCLEAR GENERATION STATION.

IN JULY 1974 APPROVAL WAS GIVEN FOR ONE LINE. THE NEED FOR A SECOND LINE WAS TO BE REVIEWED ON A PRIORITY BASIS BY THE ROYAL COMMISSION ON ELECTRIC POWER PLANNING. - THE PORTER COMMISSION.

IN ITS FINAL REPORT IN FEBRUARY 1980, THE ROYAL COMMISSION STATED:

"NOTWITHSTANDING OUR CONTINUED CONCERN FOR THE PROTECTION OF THE CRITICALLY IMPORTANT AGRICULTURAL LAND IN SOUTHWESTERN ONTARIO, WE ARE CONVINCED, FROM THE POINT OF VIEW OF THE EFFECTIVENESS OF THE TOTAL SYSTEM, THAT IT IS INDEFENSIBLE FOR POWER TO BE BOTTLED AT THE BRUCE GENERATING STATION."

IN JULY 1981, ONTARIO HYDRO PROCEEDED TO SEEK APPROVAL IN TWO STAGES UNDER THE RECENTLY PROCLAIMED 'CONSOLIDATED HEARINGS ACT',
- A PLAN STAGE AND A ROUTE STATE.

THIS WAS TO MEET CONCERNS EXPRESSED BEFORE

- THE ENVIRONMENTAL HEARING BOARD (1975)
- THE SOLANDT COMMISSION, AND
- THE ROYAL COMMISSION ON ELECTRIC POWER PLANNING

THAT THE PUBLIC SHOULD HAVE INPUT AT THE EARLIEST STAGE OF THE PLANNING PROCESS.

FOLLOWING JOINT BOARD HEARINGS, A MODIFIED PLAN (M3) WHICH WAS NOT ONTARIO HYDRO'S PREFERRED PLAN, WAS APPROVED IN JULY 1982. THAT APPROVAL WAS APPEALED TO PROVINCIAL CABINET BY 44 GROUPS AND INDIVIDUALS.

THE APPEALS WERE DISMISSED BY CABINET AND THE JOINT BOARD DECISION WAS UPHELD IN SEPTEMBER, 1982

AFTER COMPLETION OF THE ROUTE STAGE STUDIES AND SUBMISSION OF THE ENVIRONMENTAL ASSESSMENT, FOUR MUNICIPALITIES AND TWO INTEREST GROUPS APPEALED BEFORE THE DIVISIONAL COURT.

THAT APPEAL REQUESTED AN ORDER QUASHING THE PLAN-STAGE DECISION, DECLARING THAT DECISION NULL AND VOID, AND REFERRING THE MATTER TO A NEW JOINT BOARD.

THE PRIMARY ISSUE INVOLVED IN THAT LEGAL ACTION WAS WHETHER OR NOT THE NOTICE OF THE PLAN-STAGE HEARING WHICH WAS PUBLISHED IN ACCORDANCE WITH THE EXPLICIT DIRECTIONS OF THE JOINT BOARD - WAS ADEQUATE.

- THE ALREADY PROVEN NEED FOR THE TRANSMISSION FACILITY DID NOT ENTER INTO NOR DID IT HAVE ANY BEARING ON THE ACTION.

THE DIVISIONAL COURT HEARINGS WERE COMPLETED ON JANUARY 31, 1984. THE COURT'S DECISION QUASHING THE PLAN-STAGE PRECEEDINGS AND DECISION WAS BROUGHT DOWN ON JUNE 25, 1984.

BACK TO SQUARE ONE -- WITH A LOSS OF THREE YEARS!

WHAT DOES ALL THIS MEAN? WHAT DOES THAT RULING MEAN TO YOU AND I AS CONSUMERS? HOW DOES IT AFFECT THE COMMERCIAL & INDUSTRIAL COMMUNITY? WHAT DOES IT MEAN TO ONTARIO HYDRO?

- AS FOUR NEW GENERATING UNITS AT BRUCE "B" ARE COMMISSIONED BETWEEN NOW AND JANUARY 1987, THE GENERATING CAPABILITY OF THE SITE WILL INCREASE TO MORE THAN 6,000 MEGAWATTS.
- UNTIL ADDITIONAL TRANSMISSION FACILITIES ARE INSTALLED, THE POWER "LOCKED-IN" AT BRUCE GENERATING STATION BECAUSE OF THE LACK OF TRANSMISSION LINES WILL HAVE TO BE REPLACED BY MORE COSTLY COAL-FIRED GENERATION.
- SHOULD A PROBLEM OCCUR WITH A DISRUPTION OF POWER I AM TOLD THAT GENERATING UNITS WILL AUTOMATICALLY SHUT DOWN AND LOAD WILL BE REJECTED.

IN SIMPLE TERMS,

- CONSTRUCTION OF A MUCH NEEDED TRANSMISSION LINE HAS BEEN DELAYED BY TWO TO THREE YEARS - AT LEAST.
- BILLIONS OF DOLLARS ARE INVESTED IN NUCLEAR GENERATING UNITS AT BRUCE GENERATING STATION CAPABLE OF SUPPLYING CHEAPER AND CLEANER ELECTRICITY - GENERATING UNITS THAT WILL SIT IDLE DUE TO A LACK OF TRANSMISSION LINES TO MOVE THAT ELECTRICITY TO MARKET - TO OUR HOMES AND BUSINESSES.
- WE FACE THE STRONG POSSIBILITY OF LESS RELIABLE SERVICE AT GREATER COST.
- LOAD REJECTION - OUTAGES - WOULD AFFECT ALL OF SOUTHERN ONTARIO AS FAR NORTH AS ORILLIA AND EAST TO BELLEVILLE.

WHAT IDENTIFIABLE COSTS WILL THIS DELAY CREATE?

- DEPENDING ON THE MIX OF U.S. AND WESTERN CANADIAN COAL BURNED TO REPLACE THE LOCKED-IN NUCLEAR ENERGY - THE ACCUMULATED COST BY THE END OF 1988 WILL BE \$150 MILLION - \$200 MILLION.
- REPLACEMENT POWER COSTS OF \$2 MILLION A WEEK WILL BEGIN IN THE LATE 1980'S.

GENTLEMEN,

THE SPEEDY COMPLETION OF THIS LINE WHILE STILL MEETING PUBLIC CONCERNS WILL PLAY A MAJOR ROLE IN MAINTAINING THE HIGH LEVEL OF ELECTRICAL SERVICE WE AS CONSUMERS HAVE COME TO ENJOY, RELY ON AND EXPECT.

THE LACK OF THE TRANSMISSION FACILITIES
MEANS THAT WE WILL PAY MORE - FOR LESS.

AS LEADERS IN THE BUSINESS COMMUNITY I BELIEVE THAT YOU SHOULD KNOW THE BACKGROUND ON THIS ISSUE AND THE IMPACT IT WILL HAVE ON US ALL.

IF YOU FEEL AS STRONGLY ON THIS ISSUE AS I DO, I SUGGEST THAT YOU EXPRESS YOUR CONCERN TO YOUR MEMBER OF THE LEGISLATURE.

C.A. DATE JAN 28 1985

Dear Mayor McCallion:

Request for Free Vote in Parliament on Capital Punishment

We wish to acknowledge receipt of the resolution on capital punishment by the City of Mississauga to the Honourable Elmer MacKay. This subject was discussed at the National Board of Directors' Meeting in Windsor in October.

On a recommendation by the Standing Committee on Resolutions, the Board did not debate the resolutions on capital punishment. Resolutions Chairman, Mayor C.W. McDonald, pointed out that a resolution calling for a referendum on capital punishment had been debated and rejected at the 1982 Annual Conference in Ottawa. While Board members were free to discuss the subject, in the Committee's opinion, they have no mandate at this time to overrule the Conference decision.

The Board decided to request those municipal Councils which passed resolutions on capital punishment, to resubmit them in time for inclusion in the 1985 Conference Resolutions Book, so that it could be debated by the membership at the Calgary Conference (June 2 to 6). By that time, Board members and the FCM's Task Force on Crime Prevention will have had an opportunity to review some background information on the subject and will be in a position to contribute effectively to the debate.

A copy of the 1982 Conference resolution on capital punishment is enclosed for your information. If you or your Council has comments or questions on the matter, please let me know.

Yours sincerely,

COMMENTS: A very good year for both Industrial and Commercial new building construction with one hundred and thirty one (131) new Industrial Buildings and thirty-five (35) new Commercial Buildings compared with a total of fifty-eight (58) and eighteen (18) respectively, for the year 1983. New Industrial Buildings and additions to existing Industrial Buildings totalled an area of 5.25 million square feet.

A comparison in this regard, between various other municipalities, shows that Mississauga in the 1984 had a dollar value for Industrial construction of \$132 million dollars, compared to a 1984 collective total of \$142 million dollars for the Town of Markham, Borough of Scarborough, City of Brampton and the Town of Oakville.

Comments - con't

The number of new Commercial Buildings shows a healthy increase from a total of eighteen (18) in 1983 to a total of thirty-five (35) in 1984.

Total Residential construction for 1984 for both dollar value and number of dwelling units is down from the year 1983 and this is attributed to the rapid decline in apartment building construction.

SUBJECT:

TENDER TPS-16-1985 - SUPPLY & DELIVERY OF PETROLEUM
REQUIREMENTS (GAS, DIESEL & ENGINE OILS)

ORIGIN:

Treasury Department (Annual City requirements).

COMMENTS:

Attached is a summary of the tenders which were received and opened at the Public Tender Opening on Tuesday, December 18, 1984:-

Included in the tender is Mississauga Hydro's yearly requirement as follows:-

- 1) Gasoline Unleaded - 333,500/L at .4269/L = \$142,371.15
- 2) Diesel Fuel - 60,000/L at .3806/L = 22,836.00
- 3) Engine Oil & Transmission Fluids = 2,192.26

It is recommended that Tender TPS-16-1985 be awarded in the following categories:-

- Part I - Gasoline (Leaded and Unleaded)
- Part II - Diesel Fuel
- Part III - Engine Oils & Transmission Fluids

Under Part III of this Tender we require 3,075 litres of Automatic Transmission Fluid for Allison VH & VS transmissions and 3,075 litres of the same fluid but for use in 730, 735 and 750 Allison transmissions.

As these transmissions are part of the Transit buses it is important that the transmission fluid be approved. Upon checking with General Motors of Canada, Coach Division, we were informed that the low bidder, Quaker State Inc., is not on their list of approved suppliers for Automatic Transmission Fluid for use in the operation of Transit buses.

With this in mind, it is recommended that Part III of this tender be awarded as follows:-

- 1) Quaker State Inc. - for all Motor Oil and Transmission Fluid with the exception of 6,150 litres of Automatic Transmission Fluid for use in the operation of the Transit buses.
- 2) Veedol Canada (Div. of Burmah - Castrol) - who meets the necessary approvals, for the supply of 6,150 litres of Automatic Transmission Fluid for use in the operation of Transit buses.

Funds to be provided in various departmental accounts -
Current Budget. Departmental estimate - \$3,094,585.00.

RECOMMENDATION:

That Tender TPS-16-1985 for the Supply and Delivery of
Petroleum requirements be awarded to the following
suppliers:-

- 1) PART I - Gasoline (Leaded and Unleaded) be awarded to
Sunoco Inc. as being low tenderer for Part I at a cost
of \$620,709.30, of which \$142,371.15 is Mississauga
Hydro's portion.
- 2) PART II - Diesel Fuel - be awarded to Sunoco Inc. as
being low tenderer for Part II at a cost of \$2,392,977.88
of which \$22,836.00 is Mississauga Hydro's portion.
- 3) PART III - Engine Oils/Transmission Fluids be awarded to
the following bidders:-
 - A) Quaker State Inc. for the supply of all Motor Oil &
Transmission Fluid with the exception of 6,150
litres of Automatic Transmission Fluid for use in
the operation of the Transit Buses, being the
overall lowest bid received in the amount of
\$61,951.00.
 - B) Veedol Canada (Div. of Burmah-Castrol) for the
supply of 6,150 litres of Automatic Transmission
Fluid for use in the operation of the Transit buses,
as being the lowest bid received meeting the
necessary approvals in the amount of \$7,238.55.

TOTAL ESTIMATED COST - \$3,082,876.73

SUBJECT: By-law 360-79, Noise By-law

ORIGIN: Building Department

COMMENTS: In 1979 Council passed By-law 360-79 which is a by-law to control noise passed under the provisions of the Environmental Protection Act. This particular by-law only came into force and effect after it received approval of the Minister of the Environment. The by-law provided for a penalty and the amount of the penalty was that prescribed under the Municipal Act in force at the time of enactment of the by-law. Since that date, the penalty section under the Municipal Act has been amended to increase the maximum penalty on a conviction from \$1,000 to \$2,000. By-law 360-79 has not been amended to reflect this change. The Ministry of the Environment have advised that if the by-law is amended to increase the penalty section the Minister will approve the amendment. A by-law has been prepared to amend Section 9 of By-law 360-79 to allow for a maximum penalty of \$2,000. on a conviction for a contravention of the provisions of the by-law.

RECOMMENDATION: That the attached by-law to amend Section 9 of By-law 360-79 be enacted and passed.

SUBJECT Taxicab Owner's Licence - Additional Plate. C.A. DATE JAN 28 1985

ORIGIN City Council at its meeting of December 17, 1984 by adoption of Resolution #801-84.

COMMENTS Council at its meeting of December 17, 1984, adopted a recommendation contained in Resolution #801-84 that the third licence in a three (3) licence issue for December 1984 NOT be issued until Council makes a decision on a hearing in respect to an application from Derek Bush.

The Licence Appeal Committee conducted a hearing on January 15, 1985 in respect to an application for a taxicab owner's licence by Mr. Derek Bush. The Committee's decision, which is final, was that Mr. Bush not be issued the one unissued licence for December 1984 but that Mr. Bush's name should be left at the top of the Taxicab Owner's Priority Waiting List for a period of thirty (30) days to permit him time to submit proof of full time involvement in the taxicab industry for the past five (5) years with consideration being given to him at a later licence issue.

Furthermore, the Appeal Committee directed that the unissued licence for December 1984 be issued to the person whose name follows next to Derek Bush's name on the Priority List, provided that person qualifies under the rules that govern the Priority List.

Mr. Mohammed R. Butt's name is the next listed name on the Priority List after Derek Bush. His name was included with five (5) names published in the public notice of December 5, 1984 and no objections were received against Mr. Butt being issued an additional taxicab owner's licence.

RECOMMENDATION That a new Taxicab Owner's Licence be issued to Mohammed R. Butt.

COMMENTS: On behalf of the developer, the consulting engineer for Plan M-302 has submitted a request for a reduction of the Letter of Credit currently valued at \$221,266.87. In accordance with terms of the Engineering Agreement, the municipal works in the subject development are now due for assumption by the municipality, however, there remain certain unresolved commitments to be satisfied by the developer, a summary of which and cost estimate is as follows:

(a) Payment of outstanding cash contribution for the West Creditview Separate School Site, with respect to Plan M-302	\$65,823.18
(b) Correcting of minor above ground deficiencies and correction of lot grading	<u>\$10,000.00</u>
TOTAL	\$75,823.18

In consideration of the above, we find that a reduction of the Letter of Credit can be permitted down to \$75,823.18, which will secure the outstanding commitments noted above with respect to Plan M-302.

Clarkson Business Improvement Area (BIA) - Application for CAIP Funding

ORIGIN

Planning Department

COMMENTS

In January 1984 City Council resolved to participate in the Provincial Commercial Area Improvement Program (CAIP), designed to provide financial assistance to municipalities to improve and enhance older commercial districts. Since CAIP funding is restricted to commercial areas with a Business Improvement Area (BIA), the three areas in Mississauga eligible to participate in the Program are: Port Credit, Streetsville, and Clarkson. These areas are designated Historic Commercial Centres in the Mississauga Official Plan and CAIP provides an opportunity to implement the Official Plan policies to preserve and enhance them.

The applications submitted by Mississauga for funding to undertake improvements in Port Credit and Streetsville were approved by the Province during 1984. Clarkson BIA has also expressed a desire to participate in CAIP and requested City Council to approve and submit an application to the Province for CAIP funding for the 1985-86 fiscal year.

Meetings have been held with the BIA, the Ward Councillor, and consultants, to identify the required improvements and establish the list of projects for the Clarkson CAIP Program described on the attached application form.

-2-

The proposed Clarkson CAIP projects seek to enhance the pedestrian environment, encourage improvements to commercial properties, and unify the streetscape along Lakeshore Road. The latter will be achieved through decorative sidewalk paving materials, an extensive tree planting program along Lakeshore Road, and decorative lighting. Other improvements proposed are: special landscape treatment at major intersections and entrance points; decorative improvements to the railway bridge; the addition of benches, bicycle racks, poles and banners; and pedestrian shelters and kiosks.

The proposed improvements will be further refined by the Clarkson Urban Design Study which will also develop urban design guidelines for streetscape improvements, by both the public and private sectors, and establish storefront improvement guidelines. The study is an administration component of CAIP and is, therefore, eligible for a grant.

The total cost of the proposed improvements are \$555,000. As described in previous reports, CAIP is based on the sharing of the total project costs by the Province and the City. While the City must finance 50 per cent of the total project costs (\$277,500), the Provincial contribution towards the remaining 50 per cent consists of a grant (\$32,500) and a loan for the balance (\$245,000), which the City is obligated to repay at an interest rate set at half the Provincial borrowing rate during the maximum period of repayment of ten years.

The Port Credit and Streetsville BIA-CAIP applications were approved by City Council on the basis that the BIA and the City share the municipal cost components of the program which consist of 50 per cent of the total costs and the repayment of the Provincial loan and interest.

The cost sharing between the City and Port Credit BIA was decided by City Council as part of the approval of the Community Improvement Plan on November 26, 1984.

R-7-h

-3-

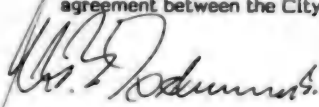

It was resolved that the costs of the Port Credit Commercial Area Improvement Program will be shared between the City and the BIA on the basis that the City will finance 50 per cent of total project costs and the BIA will repay the Provincial loan portion of total project costs, in accordance with the terms to be set out in the agreement between the City and the Province. This arrangement reflects generally the principle of equal contribution by the City and the BIA to the municipal cost components of CAIP.

A similar cost sharing scheme for the Clarkson CAIP would result in the following: the BIA would repay the Provincial loan (\$245,000) and interest, and the City would finance the required 50 per cent municipal contribution to project costs (\$277,500).

Under CAIP, projects should be phased over a four-year implementation period to ensure full Provincial funding. This means that the City contributions to the projects will also be spread over a four-year period, from 1985-88. The repayment of the loan by the BIA will not commence until the projects are completed in 1988, which will allow the BIA time to gradually increase their levy amount so that it will be large enough to absorb the loan payments and leave adequate funds to support other activities.

RECOMMENDATIONS

1. That the City of Mississauga apply to the Province for funding under CAIP to implement the improvements to Clarkson BIA described on the attached application form.
2. That the costs of Clarkson CAIP projects be shared between the City and the BIA on the basis that the City will finance 50 per cent of total project costs in the Capital Budget and the BIA will repay the Provincial loan portion of total project costs in accordance with the terms to be set out in the agreement between the City and the Province.

2. Please Indicate Likely Spin-Off Effects of the Project (within the Project Area and Immediate Vicinity) in Terms of Increased Retail Sales, Private Rehabilitation, Private New Development, Intensification of Land uses, etc.)

It is anticipated that the proposed improvement under CAIP may facilitate more pedestrian traffic in the area which will translate into increased retail sales and increased property tax assessment as well as increased BIA revenues. The project may also encourage improvements by private property owners to their buildings and store fronts. A less tangible but nevertheless important benefit of the proposed project is the maintenance of the area as the community focal point and the preservation of local identity, history and civic pride among residents. The project may also provide employment opportunities.

APPEAL COMMITTEE: Councillor M. Marland (Chairman)
Councillor S. Mahoney
Councillor T. Southorn

COUNSEL: Ms. Virginia MacLean for the Appeal Committee

APPLICANT: Mr. Derek Bush

APPELLANTS: Mr. Ron Cowan
Mr. Maroun Hanna
Mr. William Knight
Mr. Romiro De Los Santos
Mr. Louis Germain

Mr. R. Nisbet, Manager of Public Vehicle Licensing, submitted evidence indicating that Mr. Derek Bush was entitled to be on the Taxicab Priority List. Mr. Nisbet submitted a Declaration signed by Mr. Bush showing that he had worked full time in the Taxicab Industry since 1979. Mr. Nisbet also submitted "driver and owner" lists from Malton Taxicab Limited filed by the Broker as required by the by-law for the period July 1, 1983 to January 1, 1985. Mr. Nisbet stated that Mr. Bush's name appeared on the "driver and owner" lists for April, 1983, August, 1983, September, 1984, October, 1984, November, 1984, December, 1984 and January, 1985.

Mr. Derek Bush testified that he was employed full time in the Taxicab Industry since 1979. He said that there were two periods for a total of eight months during which he was either on holiday or recuperating from an illness.

Mr. Louis Germain gave evidence under the Oath and answered questions from Mr. Ron Cowan, who acted as agent for the four appellants.

January 15, 1985

Mr. Germain testified that he had worked with Malton Taxicab Limited (formerly Skyway Taxi) since 1979 and that during that time, he saw Mr. Bush occasionally. He said that Mr. Bush worked normally on Friday nights or on occasional Saturdays.

Mr. De Los Santos was questioned by Mr. R. Cowan and gave evidence that he had worked from March, 1980 to June, 1984 as a full time driver with Malton Taxicab Limited. During that time, he had never seen Mr. Bush operating a taxicab.

Mr. William Knight was questioned by Mr. R. Cowan and he testified that he had worked as a full time driver from 1979 to 1984 with Malton Taxicab Limited and during that time, he had never seen Mr. Bush.

Mr. Ron Cowan gave evidence and submitted a letter dated August 16, 1982 from Mr. R. Chamberlain, Proprietor of 711 Taxi (now Malton Taxicab Limited) in which Mr. Chamberlain was appointed General Manager of the Company. Mr. Cowan indicated that he held this position from August, 1982 to March, 1983 and that during that time, he was responsible for assigning cars to drivers. He was also aware of all the operators who had cars in the Brokerage and was also aware of the drivers who operated those cars. During that time, Mr. Cowan indicated that he had not seen Mr. Derek Bush operating a taxicab.

APPEAL COMMITTEE REPORT TO COUNCIL
ON HEARING HELD JANUARY 15, 1985

K-9

S.A. DATE JAN 28 1985

IN THE MATTER OF an application by Mr. Pierre Diab for the issue of a Mississauga Taxicab Driver's Licence under City of Mississauga By-law #697-84, as amended, a by-law for licensing, regulating and governing owners and drivers of cabs and other vehicles used for hire and taxicab brokers;

AND IN THE MATTER of an appeal by Mr. Pierre Diab under Section 21 of By-law #697-84, and amendments thereto;

AND IN THE MATTER of a hearing by the Appeal Committee under Section 22 of By-law #697-84, and amendments thereto.

APPEAL COMMITTEE: Councillor M. Marland (Chairman)
Councillor S. Mahoney
Councillor T. Southorn

COUNSEL: Ms. Virginia MacLean for the Manager of Public Vehicle Licensing

APPELLANT: Mr. Pierre Diab

The applicant, Mr. Pierre Diab requested a hearing by the Appeal Committee from a recommendation that Council not issue to him a Mississauga Taxicab Driver's Licence under By-law #697-84, as amended. This recommendation was made on the grounds set out in Section 14(2) of By-law #697-84, as amended which provides that:

"The past conduct of the applicant or licensee affords reasonable grounds for belief that the applicant or licensee will not carry on the activity for which he is to be licensed or to continue to be licensed in accordance with law and with integrity and honesty."

At the request of the applicant, the Committee determined that the hearing was to be held "IN CAMERA". The Committee moved In Camera at 8:45 a.m. and moved Out of Camera at 9:10 a.m.

DECISION:

That a Mississauga Taxicab Driver's Licence not be granted to Mr. Pierre Diab under the provisions of the Public Vehicle Licensing By-law #697-84 at this time.

REASON:

It has only been one (1) month since your licence was reinstated and a period of six (6) months would enable you to re-establish good driving habits. We also suggest that you re-apply to the Manager of Public Vehicle Licensing for consideration at the end of six months and that you arrange a meeting with the Manager of Public Vehicle Licensing and your father at that time, since your father has indicated that you could drive his taxicab when licensed.

APPEAL COMMITTEE REPORT TO COUNCIL
ON HEARING HELD JANUARY 22, 1985

C.A. DATE JAN 28 1985

IN THE MATTER OF an application by Mr. Francesco Carere for the issue of a Mississauga Refreshment Vehicle Driver's Licence under City of Mississauga By-law #436-83, as amended, a by-law for governing the owners and drivers of Refreshment Vehicles in the City of Mississauga;

AND IN THE MATTER of an appeal by Mr. Francesco Carere under Section 20(1) of By-law #436-83, and amendments thereto;

AND IN THE MATTER of a hearing by the Appeal Committee under Section 21 of By-law #436-83, and amendments thereto.

APPEAL COMMITTEE: Councillor M. Marland (Chairman)
Councillor R. Skjarum
Councillor S. Mahoney

COUNSEL: Ms. Virginia MacLean for the Manager of Public Vehicle Licensing

APPELLANT: Mr. Francesco Carere

Mr. Francesco Carere requested a hearing by the Appeal Committee from a recommendation made by the Manager of Public Vehicle Licensing that Council not issue to him a Mississauga Refreshment Vehicle Driver's Licence under By-law #436-83, as amended. This recommendation was made on the grounds set out in Section 14 (b) and (c) of By-law #436-83, as amended, which provides that:

- "14.(b) the past conduct of the applicant or licensee affords reasonable grounds for belief that the applicant or licensee will not carry on the activity for which he is to be licensed in accordance with law and with integrity and honesty;
- (c) The issuance of the licence or renewal of the licence would be contrary to the public interest";

Evidence was submitted by the Manager of Public Vehicle Licensing that Mr. Carere had been convicted under the Criminal Code of Canada, and further, details were provided by Sgt. Buck of the Peel Regional Police.

Mr. Carere gave evidence to show that there was mitigating circumstances surrounding the conviction under the Criminal Code of Canada.

Mr. Sam Fuda appeared as a witness on behalf of Mr. Carere and gave evidence attesting to the good character of Mr. Carere. He said that Mr. Carere was a good worker and that he wished he had more workers like him. He also said that during that training period, Mr. Carere's workday started at 4:00 a.m. and that he was not aware a licence to drive a refreshment vehicle was required from the City of Mississauga when he was stopped by a License Inspector.

FROM R. G. B. Edmunds, Commissioner of Planning

SUBJECT Interim Control By-law 100-84

C.A. DATE JAN 28 1985

ORIGIN Planning Department

BACKGROUND

On November 28, 1983, City Council adopted Resolution 707-83 which directed the Commissioner of Planning to undertake a study of strip commercial areas zoned EC, NC, C1, CM1 and CM2 within the area bounded by:

- the CPR tracks on the north;
- a combination of Parkerhill Road north of Dundas Street and Confederation Parkway south of Dundas Street on the west;
- King Street on the south; and
- a combination of Camilla Road south of Dundas Street East and Klrwin Avenue north of Dundas Street East on the east.

On February 13, 1984, City Council passed on Interim Control By-law (By-law 100-84) which suspended the zoning on all outmoded commercial zones within the above-defined study area for one year. The Ontario Municipal Board, on July 24, 1984, dismissed all appeals to By-law 100-84, except for the property at 55 Dundas Street West (northwest corner of Cook Street and Dundas Street West), which was exempted from the By-law, and the CM1 lands at the southeast corner of Hurontario Street and John Street, which were adjourned sine die.

SUBJECT: Legal Action to Enforce Payment of Arrears for Business Tax

ORIGIN: Treasury Department

COMMENTS: The Treasury Department has requested the Legal Department to take legal action to enforce the payment of business tax for a number of individuals and corporations as the business tax is in arrears and the Treasury Department has been unable through its normal collection procedures to collect the tax. Under the new Rules of Civil Procedure recently introduced in the Courts of Ontario, costs consequences may follow from a situation where an offer is made by a defendant to a plaintiff and the plaintiff does not recover more than what is offered. It is therefore recommended that any authorization to proceed by legal action be accompanied by authorization to the City Solicitor to settle or otherwise compromise the action with the concurrence of the Treasurer. This would obviate reporting back to Council on each offer, especially as there may be a number of offers in each action.

RECOMMENDATION: That a by-law be passed authorizing the City Solicitor to commence legal actions to enforce the payment of outstanding arrears of business tax against the following named individuals and companies and to settle or compromise the said actions, including the making or accepting of offers of settlement, with the concurrence of the Treasurer:

1. P & I Kitchens Limited

REQUEST FOR APPROVAL OF COUNCIL TO THE SALE
OF HOMES PRIOR TO THE REGISTRATION OF PLAN
OF SUBDIVISION - OBSERVATORY HOMES, DERRY
ROAD/TENTH LINE

COMMENTS:

The subject builder presently has a sales pavilion at Erin Mills Parkway and Britannia Road for the purpose of selling homes in an existing Registered Plan. It is his proposal to sell homes from this same trailer for the next phase of development which is yet to be registered.

The proposed subdivision has received Draft Approval by the Regional Municipality of Peel and the zoning is appropriate. In order to comply with current City policy on this matter, it is essential that registration of the plan is expected within 90 days. In the opinion of the Planning staff, registration of this subdivision could be expected about the end of March which is within the policy requirement.

It should be pointed out, however, that building permits cannot be issued in this proposed subdivision notwithstanding the fact that registration has taken place, until adequate water supply for domestic consumption and fire protection is in place for all of the lots. This requirement may take some time and cause unexpected delays to the home buyer.

If permission is granted for the pre-selling of homes in this development, it should be on condition that the builder advise all potential home buyers that no construction of the homes will begin until an adequate water supply has been provided.

- 2) that all prospective homeowners be advised that construction on their homes cannot start until such time as the necessary water supply for fire protection and domestic consumption is in place to the satisfaction of the Regional Commissioner of Engineering.

Dear Sir:

RE: Property Plan of Subdivision
Derry Rd. / 10th Line
City of Mississauga
File: 16.111.79068

On behalf of Observatory Homes, the builder for the above-noted Plan of Subdivision, we request your approval to the sale of houses prior to the registration of the Plan.

As you are aware the sales pavilion for the existing Registered Plan is located at Erin Mills Parkway and Britannia Rd. and the sales for this next phase, which will be registered at the end of March, will be conducted from the same pavilion.

Observatory Homes is prepared to meet the requirements of the policy in this regard, i.e.:

- i) Observatory Homes will enter into an agreement with the City of Mississauga to post an appropriately-sized sign in a conspicuous place to alert prospective purchasers to the fact that the plan of subdivision has not been registered and to ensure that the said sign remains posted until such time as the plan of subdivision has been registered,
- ii) The plan of subdivision has been draft approved by Regional Municipality of Peel,
- iii) The required zoning has been finally approved,

Continued.....

R.14-c

- 2 -

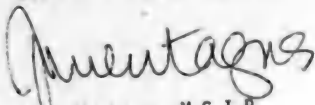

- iv) The registration of the plan of subdivision is expected within 90 days.
- v) Observatory Homes agrees to either refund the deposit and void the sale, or make alternative temporary arrangements for accommodation, at the builder's expense, at the option of the purchaser.
- vi) Observatory Homes will undertake to advise prospective purchasers, in writing, that because the plan of subdivision is not yet registered, the lots may be varied in size and shape, and that there may be delays in the expected delivery date of the new house.

I will provide you with a letter from Observatory Homes, signed and sealed, which sets out the appropriate conditions. In the meantime, I would be most grateful if you would process this application as soon as possible as we expect to commence our sales programme at the beginning of February. For your information, I am enclosing a letter dated November 19, 1984 sent to W. P. Taylor, P. Eng. the City Engineer, which sets out our timing schedule, and his reply to same. The conditions referred to in Mr. Taylor's reply will be incorporated in the Subdivision Agreement.

Your assistance will be appreciated.

COMMENTS:

On behalf of the developer, the consulting engineer for Plan 43M-465, located east of Southdown Road and north of Orr Road (sketch attached) has sent in a proposal to resubdivide Plan 43M-465 basically from 18 m lots for semi-detached dwellings to 9.75 m lots for detached dwellings.

It should be noted that the resubdivision will be accomplished by registration of a Reference Plan. It should also be noted that the existing RMI zoning permits detached dwellings on 9.75 m lots.

The consulting engineer has submitted satisfactory revised Servicing and Financial Agreements and related engineering drawings to reflect the new lotting.

RECOMMENDATION:

That a By-law be passed authorizing the Mayor and Clerk to execute revised Servicing and Financial Agreements for the resubdivision of 43M-465 being developed by Silwell Developments Limited (75 The Donway West, Suite 1010, Don Mills, M3C 2E9); this subdivision being located east of Southdown Road and north of Orr Road.

Request for all-way stop at Meadows Blvd and Wilcox Road.

SOURCE :

Councillor L.C. Taylor.

COMMENTS :

In response to a petition from the residents of Wilcox Road, Councillor Taylor requested that the Engineering Department investigate the intersection of Meadows Blvd and Wilcox Road with respect to the installation of an all-way stop.

The Engineering Department carried out an intersection count as well as radar studies on Meadows Blvd. It was determined that the warrants for an all-way stop at this intersection are well below the requirement of 100% for Parts "A" and "B" of the warrant, the values being 92% and 37% respectively.

The radar studies indicate that speeding is not a problem as the 85%-ile speeds reported were 55 km/h between 7.30 am and 9.00 am, and 53.4 km/h between 2.00 pm and 3.00 pm. The existing speed limit on Meadows Blvd in this area is 50 km/h.

Based on our review of the traffic volumes and the radar studies as well as our observations in this area, we feel that the existing traffic controls are functioning satisfactorily, and therefore the Engineering Department does not recommend the installation of an all-way stop at this intersection.

That an all-way stop not be placed at the intersection of Meadows Blvd and Wilcox Road.

MEMORANDUM

UB-1

To Mayor & Members of Council.

From A. Franks.

Dept. _____

Dept. Commissioner of Building.

January 9, 1985.

E.A. DATE JAN 14 1985

REQUEST REPORT #345-84.

SUBJECT: Request for permission to locate a storage trailer and park trucks and trailers at 1869 Gage Court.

ORIGIN: Letter dated November 17, 1984 from Mr. Phil Di Franco of Star Systems Company, 477 Evans Ave., Toronto, Ont.
Tele: 416-252-2652.

COMMENTS: Mr. Di Franco requests permission to locate a storage trailer on vacant land zoned "M2 INDUSTRIAL". This trailer would be used to store tools, used tyres and "other utilities".
In addition, the request is to also park trucks and trailers upon this property.

A time period for these uses has not been stated by Mr. Di Franco.

Since this property is a vacant Industrial M2 property within an Industrial Plan of Subdivision #43M-457, Registered on May 17, 1982, the Building Department does not see any merit in this proposal. Construction of a permanent Industrial building (as other companies have already done in this Registered Plan) would be more appropriate.

RECOMMENDATION:

That Mr. Di Franco's request to locate a storage trailer, park trucks and trailers at 1869 Gage Court, be refused.

COMMENTS

To improve our method of reporting, we have now incorporated within each quarterly report a graph highlighting the dollar cost and incident count accrued to acts of vandalism since the inception of our reporting program (1981). These statistics are based on reports received from City Departments.

The total number of incidents (excluding street-lighting) for the third quarter when compared to the same period of 1983 have increased by 173.7% with associated dollar cost increasing by 142.4%.

In reference to streetlighting, incidents during the third quarter increased by 92.3% with dollar cost for repairs increasing by 28.2% compared to the same period in 1983.

Appendix "A" is a summary of individual reports received from each department. These reports outline vandalism incidents and dollar cost three different ways:-

1. By ward
2. By type of damage
3. By day of week

Appendix "B" is a summary of reports received from City Departments. This report outlines the total number of incidents and dollar cost three different ways:-

1. By department & time of day
2. By ward
3. By day of week

Appendix "C" is a summary of streetlighting vandalism incidents and associated estimated dollar cost to the City as reported by Mississauga Hydro.

Appendix "D" is a graph outlining vandalism incidents and dollar cost to the City in yearly quarters. Statistics are shown for City owned and operated properties dating back to 1981 and updated for each quarterly report issued.

RECOMMENDATION

That the report dated December 27, 1984, from E. M. Halliday, City Manager, with respect to vandalism for the third quarter of 1984, be received.

LADIES & GENTLEMEN :

SUBJECT :

Finch Avenue Extension.

SOURCE :

Regional Municipality of Peel.

COMMENTS :

At its meeting of November 22, 1984, the Council of the Region of Peel approved the following resolution:

"That the report of the Commissioner of Public Works dated October 22, 1984, regarding the Finch Avenue extension be referred to the City of Mississauga for comment;

And further, that the City of Mississauga be requested to respond with their comments within thirty days".

The Ministry of Transportation and Communications has completed construction of the Finch Avenue extension between Steeles Avenue and Highway 427.

As a result of the boundary locations between the City of Mississauga and the City of Brampton in this area, only a section of approximately 380 m (1250 ft.) of the roadway lies within the City of Mississauga, and the remainder from Darcel Avenue northerly to Steeles Avenue is completely within the City of Brampton. Assuming that the City of Brampton has agreed that this section of roadway within the City of Brampton becomes a Regional road, it would be logical that the short section within the City of Mississauga also be a Regional road.

We would note that there are no direct accesses on the section of road within Mississauga with the exception of the traffic signalized intersection at Darcel Avenue.

Dear Mayor McCallion:

Proposed New Restaurant Dixie Road

It is our understanding that the Planning Department and Building Department are currently reviewing the possibility of issuing a permit for the construction of a restaurant facility on vacant property located between 5895 Dixie Road and 5977 Dixie Road.

Councillor McKechnie indicated to us several months ago that his check with the Planning Department did not, because of zoning regulations, permit a restaurant at this location.

In any event, we are having a difficult economic struggle as is to survive because of the number of existing restaurants and the extreme competition. On behalf of the owners and operators of:

1. Super Mack Drive-In
5960 Dixie Road
2. Master Steak & Burger Place
5895 Dixie Road
3. Mavrou's Place
5977 Dixie Road
4. Britannia Restaurant
1455 Britannia Road at Dixie
5. Country Style Donuts
1490 Britannia Road at Dixie

Sergios GEO. KAPAKOS

Peter Mavros PETER MAVROS
Koutroulis KOUTROULIS

We strongly urge you and your councillors to stop this application and to call a moratorium in the immediate area on any further restaurant or food outlet openings. The public are being very well accommodated, but any further openings will have an adverse effect on service and quality to them, and indeed will cause one or more of the existing restaurants to go out of business.

Many thanks,

Yours Sincerely,

Sergios
GEO. KAPAKOS
